FIFPro 2014 Tournament

CENTRAL
EUROPE

Welcome

FIFPro, the World Player's Union, welcomes you to the second edition in Central Europe of the FIFPro Tournament for professional footballers looking for a new contract.

What started as a French-Dutch experiment, has grown into an event that is being copied worldwide. Training camps, friendly matches and tournaments are organized to help players find a new club. It's a success: more than 50% of all participating players succeed in signing a new contract as a professional footballer.

We welcome approximately 110 players from six different countries in Nyon. There are experienced players looking to prolong their career, but also young and talented players still busy to start up their professional career.

FIFPro hopes all players will do well and find a new contract. For the scouts and clubs who will be attending the tournament, we hope they will find the player they are looking for. This extensive Footballers' Factfile should be a great help.
